Rameshwar Nigam Joined CWNP as General Manager

DURHAM, NORTH CAROLINA – April 06, 2016 – Certified Wireless Network Professional (CWNP) announced that Rameshwar Nigam has joined the company as General Manager. Rameshwar, known for his management skills and business aptitude, comes with a wealth of experience within the Wi-Fi industry. He will be managing the development of all individual CWNP certifications, the deployment of study guides, course exams and other published materials, and the management of a global team of Authorized Learning Centers (ALC), customers, trainers and 3rd party testing centers.

"I am profoundly honored to join CWNP and look forward to working with the team to further develop their extensive product and service suite and take to the masses." says Rameshwar. He adds, "I have admired CWNP services and the impact that they are making in the careers of people who hold the designations."

Rameshwar has joined CWNP from Aricent, where he was working as an Operations Manager for Core Networking Technologies. He was responsible for providing functional leadership to the operations team, and led the company to worldwide growth.

Brad Crump, President of CertiTrek stated, "Rameshwar's wealth of experience and his substantial industry knowledge, has made him a key addition to the CWNP family. He has been an extraordinary leader throughout his career. I'm confident that Rameshwar will play a crucial role in providing high quality solutions for our clients."
